Member, GUHAR

## **About GUHAR**

GUHAR (Global Upliftment of Human Advocacy & Rights) is a non-governmental organization, established in August 2018. It is a group of individuals committed to building an egalitarian society. The main objective of this organisation is to end the prevailing inequality in the society, to implement the fundamental rights provided by the Indian Constitution and strive to establish an inclusive society. GUHAR's work focuses on the empowerment of the underprivileged through capacity building, knowledge creation and policy advocacy. It is committed to contribute towards building a society based on the values of justice, liberty, peace and solidarity. In a nutshell, GUHAR works with a perspective of 'making democracy work for all'. On October 2, 2018, GUHAR launched the project "Nai Talim" to train students for the preparation of Central School entrance examination in village Luhari, district Baghpat, Uttar Pradesh. Till date, more than 600 students have been benefited from three centres run by 'GUHAR'. In the last few years, seminars/webinars have been organized by GUHAR on various relevant topics, motivation and counseling programs for students, tree plantation programs and other social activities etc.

## **About Digambar Jain College**

On January 20, 1916, the foundation stone of a primary school was laid in Baraut Nagar by Jain community. In 1947 the college gained the status of a degree college and 1960 onwards upgraded to Postgraduate courses. Now the college has awarded the status of minority. The founders of the intuition believed that the country can lead on all fronts if the young minds are imparted quality education sensitizing them about their social responsibilities. Thus, includes thrust not only class room studies but also active participation of the students in the extracurricular activities during their education.

The academic environment of the campus is enriched by faculty strength 61 and a student-intake capacity of 3000. Post graduate courses are offered 10 disciplines and under graduate courses are offered in 06 disciplines. College is equipped with several facilities for the students. Training facilities for both indoor and outdoor sports training of many indoor and outdoor sports including weight lifting, power lifting, bodybuilding, shooting etc. are available in the college. Students, by taking advantage of these facilities, are increasing the pride of the institution by getting selected at the national and international level. The college has always believed that success can only be achieved by excellence in all fields of knowledge. The college always strives for betterment with each passing day.

## **About the Conference**

Education plays an important role in human society. Even after implementing the recommendations of various commissions pertaining to teacher's education, the situation has not changed as expected. The current National Education Policy 2020 (NEP 2020) of India has paved the way for transformational and dynamic reforms in the school and higher education system of our country. The policy envisages that the curriculum and pedagogy of our institutions should inculcate among the students a deep sense of respect for fundamental duties and constitutional values, a connection with their country and a conscious awareness of their roles and responsibilities in the changing world.

## Significance of the Conference

At present, India is a democratic country with the largest youth population in the world. However, for India to become a developed country and super power, it is necessary that this democratic dividend (young generation of our country) is groomed with technical skills, right direction, right attitude and most importantly values and self-confidence. In this context, there is an absolute need for education for the all-round and multifaceted development of the country and qualified teachers for good education.

Many of us have worked as teachers or with teachers in a variety of ways on a variety of platforms. All these experiences need to be organized and shared with each other. The purpose of this two-day conference is to collectively discuss these questions. In order that more and more people directly connected with education can participate in this discussion, it is necessary that as far as possible, we should try to share our inputs in Hindi.

## Call for Research Papers

GUHAR invites academicians, researchers, practitioners, social activists etc. to submit research papers, review papers, case study, articles related to the theme of the Conference.

## Broad area of the conference
